What is a Navigator?

Navigators are individuals who have been trained and certified to help you browse healthcare coverage options, complete a health insurance application, and enroll in health coverage that fits your needs and your budget.

Where do I meet with a Navigator?

Navigators work at community agencies and health centers throughout Rhode Island, and will meet with you one-on-one, in-person to offer assistance.

What does it cost to see a Navigator?

Nothing! Navigators will help you for free.

Do Navigators speak my language?

This directory identifies agencies with on-site Navigators who are fluent in languages other than English. Interpreter services can be arranged for anyone who needs assistance in other languages.

Will the Navigator tell me which plan to choose?

No. Navigators must provide unbiased assistance. This means they can't tell you what to do or how to decide. The choice is entirely up to you.
