Neighborhood Health Plan of Rhode Island (www.nhpri.org) is a not-for-profit HMO that was founded over 20 years ago to make sure everyone in our state has access to high-quality, low-cost health care. We've been ranked as one of the top ten Medicaid health plans in America for the past eleven years* and currently serve nearly 150,000 members.

We were founded to make sure everyone has comprehensive health care coverage and access to high quality care. We particularly focus on serving the needs of people often left behind by the health care delivery system.

We are a Health Maintenance Organization, or HMO. As an HMO, all Neighborhood members choose a primary care physician (PCP) to provide routine preventive care, guidance on what to do when a medical problem arises, service coordination and visits to other doctors.

PLUS offers high-quality health coverage, our full network of doctors and top-notch customer service at an accessible price with low out-of-pocket costs.

This is a summary of benefits. It is not a contract. For details about coverage, including any limits and exclusions not noted here please refer to the Evidence of Coverage (also called a Subscriber Agreement) or call a Customer Support Representative. If you have any questions about receiving medical care, please call your doctor.

When you see a network provider, you pay:

DEDUCTIBLE: You pay this amount each year before NHPRI starts to pay the cost of covered services	\$800 Individual Plan / \$1,600 Family Plan
OUT-OF-POCKET MAXIMUM: This is the most you would pay out of pocket each year	\$4,000 Individual Plan / \$8,000 Family Plan

Copayments/Coinsurance

Preventive Care	\$0
Primary Care Office Visits	\$20 co-payment
Specialist Office Visits	\$40 co-payment
Urgent Care	\$40 co-payment

Our Wellness Programs are designed to help our members manage their health care and maximize their wellness. We educate our members on healthy habits and behaviors through mailings, text message programs and telephonic health coaching. Some of the topics we address include: Asthma, Attention Deficit Disorder (ADHD), Behavioral Health, Chronic Obstructive Pulmonary Disease, Coronary Artery Disease, Diabetes, Heart Failure, Pregnancy, Preventive Health, Tobacco Cessation and Women's Health.

Neighborhood offers a full range of benefits, including primary and specialty care, comprehensive hospital services, behavioral health care, medicines from nearly every pharmacy in Rhode Island, medical equipment and supplies, and special wellness programs to help our members manage their health.

We have a large network of providers available 24 hours a day/7 days a week, including over 1,000 primary care providers, 2,700 specialists, 1,500 behavioral health doctors and access to every hospital in the state.
