HealthSourceRI
WE WORK FOR YOU

Hi!

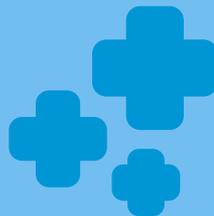

JOIN HOPE'S
ADVENTURE!

Have you ever wondered what happens when someone gets sick or hurt and needs to see a doctor? Grown-ups have a special way to help with these kinds of problems — **it's called health coverage, or health insurance!**

In this book, you'll color pictures, play games, and solve puzzles while learning with your new friend Hope, who will help you understand how health insurance works. You'll discover how people use health insurance to stay healthy, get medicine, and visit doctors when they need help.

Don't worry — you don't need to be a grown-up to understand it. This book makes it fun and easy! Grab your crayons, put on your thinking cap, and get ready to become a Health Insurance Explorer!

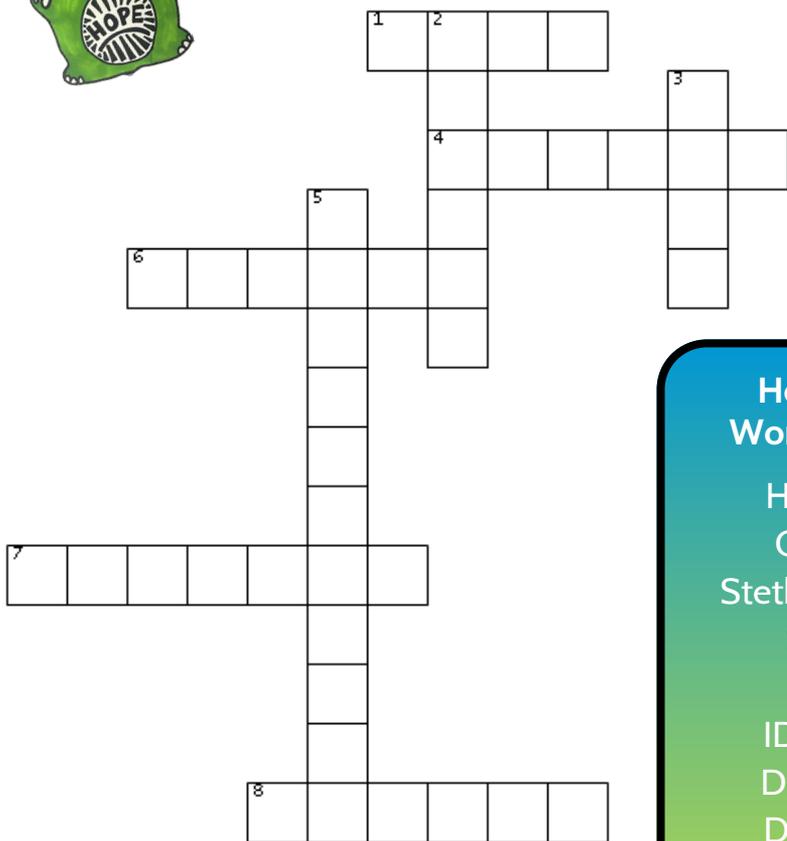

Can you help color the girl giving her bear a checkup? I want to see what colors you'll choose!

I neeeded help figuring out the words! Can you help? **You're the best!**
