# 2024 Cost Sharing Reduction Plans for Eligible Individuals and Families

## Cost Sharing Reduction (CSR) Plans:

CSR plans are Silver plans that have reduced deductibles, coinsurance, and copayments, with no difference in premiums. These reductions are in addition to tax credits that help reduce your monthly premiums. If you qualify for CSRs, you will qualify for one of three levels of CSR plans (94, 87, or 73), depending on your income and family size. The numbers refer to the percentage of expenses paid by your plan (Example: with a Silver 73 plan, on average, the plan covers 73% of expenses, and plan members will be responsible for the remaining 27% of expenses).

By selecting a CSR plan, you will pay the same premium per month as a regular Silver plan, but you will pay less for copayments, deductibles, and coinsurance when you see the doctor, go to the hospital or get a prescription. These reduced amounts are shown in this document for each HealthSource RI plan. You may qualify based on your family size and how your income compares to the Federal Poverty Level (FPL):

CSR Level	Silver 94		Silver 87		Silver 73	
Range, as a percentage of the Federal Poverty Level (FPL)	Income between 100-150% FPL		Income between 150-200% FPL		Income between 200-250% FPL

<p>Some insurers offer plans that include a smaller number of providers that the insurers have decided offer high-quality care at a lower cost. Plans have different monthly premiums and out-of-pocket costs for care, as well as different providers (like doctors and hospitals) you can visit. The providers included in a plan's network — and how those providers are paid for the care they give you — helps determine how much you will pay for your health insurance plan. Some plans assign levels (“tiers”) to doctors and hospitals within their networks, and you may pay less to see providers in certain tiers.</p> <p>When choosing a plan, you should consider the monthly premium, as well as any out-of-pocket costs, providers you prefer to visit, prescription drugs you take, and any other healthcare needs you have.
